

The American Express® Business Travel Account for SBB business customers

Central ticket purchasing lodged on «SBB Businesstravel»

Payment solutions that save time and money.

Designed to charge your company rail travel expenses through one central account on the Swiss Federal Railways' website, the American Express Business Travel Account for SBB business customers consolidates all your rail ticket purchases into one clear statement. Electronic statements are also provided, helping you to increase efficiency and reduce paperwork.

American Express® Business Travel Account for SBB business customers

Would you like to settle your rail travel expenses through a lodged account and profit from simplified administration?

You can do this and much more with the American Express® Business Travel Account for SBB business customers.

Save Time and Money

To make your life easier, the BTA for SBB business customers gives you one consolidated statement or file with detailed transaction data, thus removing the need to process multiple receipts and invoices. American Express also ensures implementation is quick and simple by working closely with the Swiss Federal Railways. This spares you any unnecessary additional work and also saves you money by saving you time. Another advantage is that your employees automatically benefit from generous travel insurance.

Maximize Control

A consolidated statement provides you with greater visibility into your rail travel expenses and gives you the benefit of centralized approval and payment of rail tickets. This enables you to monitor your employees' overall travel expenses in a simple and effective manner using rich data and your own tailored reporting or reference fields.

Also benefit by combining the BTA with tools such as:

- Billing Support Files (electronic invoice data)
- American Express @Work (web-based management information)
- all common expense processing software tools

The most important benefits

- Simplified administration through central billing
- Enhanced travel data including class, price and destination
- Flexible billing option
- Comprehensive insurance benefits for travelling employees
- Interest-free extended credit
