

# The American Express® Corporate Card

Much more than a convenient method of payment

Payment solutions that save time and money.

The Corporate Card guarantees visibility of spend and reduces administration in your Company. The separation of private and Corporate spending saves you time and effort. In short: the American Express Corporate Card makes dealing with all kinds of Corporate spending simpler, for you as a Company, for your employees and your suppliers.

## American Express® Corporate Card

Would you like a Corporate Card, which you and your employees can use for virtually all business expenses?

The American Express Corporate Card not only guarantees transparent monthly statements, it also provides other useful benefits.

### The American Express Corporate Card

The Corporate Card is a superb platform for data consolidation and thus an exceptionally efficient tool for managing your travel expenses. Among other things, you benefit from:

#### Efficient cost control

- Streamline and control the transaction process – from purchasing through to payment
- Control the use of preferred suppliers
- Access transaction information online prior to receiving your bill
- Identify spend categories that possibly exceed your budget
- Receive information that simplifies VAT refunds
- Identify spend that does not correspond with travel policy guidelines
- Benefit from a superb platform for data consolidation

#### Supplier saving potential

- Gain greater visibility of spend
- Enables you to better identify supplier savings opportunities
- Access information such as origin and destinations which relate to flight expenses or hotels and hotel chains with overnight costs

#### Additional services for your Company as well as for your employees

- Membership Rewards points
- Various travel insurance services
- Global servicing footprint
- Online tools

#### You also benefit by combining the American Express Corporate Card with tools such as:

- Billing Support Files (electronic invoice data)
- American Express @Work (web-based management information)
- Business Travel Account (central travel purchasing)
- FlowExpense (expenses management tool)

#### The most important benefits

- Online query of all transactions
- Membership Rewards programme
- 24-hour customer servicing
- Global Assist
